

## English

The children will be looking at a range of information texts. They will begin to learn the features of an information text. Once they have studied them they will compose their own information text that will look at a form of transport through the ages.

After we have made our class information text, the children will study the story of 'Mrs Armitage on Wheels'. Once they have learnt the style of the story, they will begin to write their own story about an eccentric character who makes wacky upgrades to a vehicle.

## PE

This half term Y2 will be taught by an external agency. They will begin by assessing their skill level then deliver football sessions catered to them.

## History and Geography

As year 2 begin to study modes of transport, they will learn when they were invented and study how they have changed over the years. In Geography the pupils will begin to study popular modes of transport, and the impact they have on our Earth. They will also study our planet and their place within it.

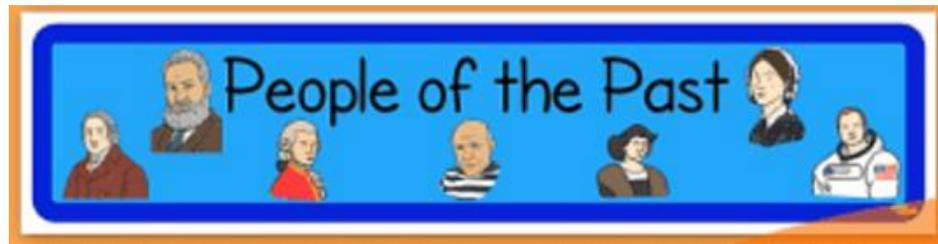

## R.E

We will look at a range of religions over the year. Next term we will be studying Islam.

# From A to B

## Spring Term 1 2017

### 2HD and 2RL

## Computing

The children will be working with a range of moveable and controllable electronic toys, they will begin to programme them to complete certain functions. The challenges will get harder each week as they create their own obstacle courses and challenges.

## Art/D.T

The children will be studying futuristic transport art and create their own using an outline of a car. In D.T they will design, build and test their own mode of transport. It will have to navigate an obstacle course effectively!

## Maths

Our focus this half term will start off with Division. Pupils will then study the link between Multiplication and Division. Once they have mastered the four main calculations, they will begin to study 2D shapes, 3D shapes and Fractions.

## Music

The children take part in weekly singing sessions all together. To link in with our topic they will be listening to the famous 'Honda Advert' where a choir makes the sounds of a car. They will try to recognise and recreate each part.

## Science

This term the children will take part in the great paper aeroplane competition. As the competition heats up, they will try to create the best paper aeroplane by changing the shape so that it travels the furthest!

**PSHE** Zippy's Friends. The children will continue to cover the first Module about feelings before moving onto the second, looking at communication.
