

## English

### Traditional Tales

The children will learn to write a traditional tale by studying their features. We will be looking at Red Riding Hood and the Elves and the Shoemaker. We will then write our own traditional tale and share these with another class.

We will also be looking at the story 'Pumpkin Soup' which focuses around the theme of team work and celebrating each other's unique skills.

## PE

Now it is the summer term we are going to be learning to play team games such as rounders. We will develop our catching, batting and teamwork.

## History

We are going to find out about toys and games from the past.

We will also be looking at old and new toys and the differences between them.

## Science

We will be carrying out investigations using different materials and why certain toys are made using certain materials.

We will also be looking at push and pull toys and how things move.

# The Magic Toymaker Summer Term 2016 2HD

## Computing

This term the children will be learning to make their own space-themed computer game. They will begin to write their own instructions or algorithms for the game. Once they have mastered this they will move onto debugging and solving errors in instructions.

## RE

This half term we will be learning about how we are cared for and how we belong in our school and community.

## Art/ D.T

This half term we will be learning about board games and puppets. We will then be designing and making our own puppets.

## Maths

Our focus this half term is Fractions. We will also study time, volume, problem solving and continue to further our calculation skills.

## PSHE
