

English

Explanations

The children will be reading examples of explanation texts. They will be writing their own explanation texts an invention as well as a life cycle explanation.

Stories

The children will be writing a short story based on example by Pie Corbett.

ICT

Coding

The children will be learning to design and debug a simple programme.

PE

Hockey Skills

- Dribbling the ball
- Returning the ball
- Hockey rules

RE

Sikhism

Continuing our work from last half term, we will be looking in more detail and the Sikh faith, covering places of worship, special festivals, the holy book and signs and symbols.

The Nature of Life

Spring 2 2017

DT

The children will improve their DT skills through the media of clay.

They will be practising clay techniques, planning, designing and evaluating clay tiles with a nature focus.

Maths

Year 4 will be looking at fractions this half-term, they will be adding and subtracting fractions and counting in tenths.

We will then move on to cover charts and graphs and finish with a focus on time, looking at timetables and problem solving.

Music

The children take part in weekly singing sessions all together. They enjoy singing rounds, actions songs and playing percussion instruments.

The children will learn to play the recorder.

Science Plants and Animals

The children will learn about the life-cycles of animals, plants and humans. They will explore and use classification keys.

The children will observe duckling eggs hatch and grow.

They will construct and interpret a variety of food chains, identifying producers, predators and prey.

Students from Nottingham University, will be teaching the children about conservation and endangered animals.

PSHE

Drugaware - Following the Jed and Ted scheme of work, the children will be learning about making healthy choices.
